(„System User“)

Article 1: Subject matter

As regards the Frame Capacity Contract this Addendum sets out a special time-limited withdrawal right for Gas Connect Austria with regard to capacities bindingly booked for the IP Reintal.

Article 2: Withdrawal

- 2.1 Gas Connect Austria shall have the right and the obligation to withdraw from (i.e. to unilaterally terminate) the obligation to provide any capacities bindingly booked by the System User regarding the IP Reintal, if with regard to said IP the adjacent Transmission System Operator, currently NET4GAS, s.r.o., has exercised its withdrawal right under its contracts with shippers regarding the IP Reintal.
- 2.2 The respective withdrawal notice shall be sent to the System User by 30 May 2026 (inclusive). The withdrawal right ceases to exist if it is not exercised by Gas Connect Austria by the end of said date.
- 2.3 In case of the afore described withdrawal there shall be with regard to the capacities under 2.1 no further liabilities between the parties.

Article 3: Miscellaneous

- 3.1 Except as expressly amended by Article 2 of this Addendum, the Frame Capacity Contract remains in full force and effect. For the avoidance of doubt any arbitration or jurisdiction clause contained therein shall also apply to this Addendum.
- 3.2 This Addendum is set up and signed in two (2) original copies, with each of the contracting parties receiving one (1) original copy.
