

TRUD!Y

Trading Region Upgrade - Do It Yourself

Trading Region Upgrade Do It Yourself (TRUD!Y):

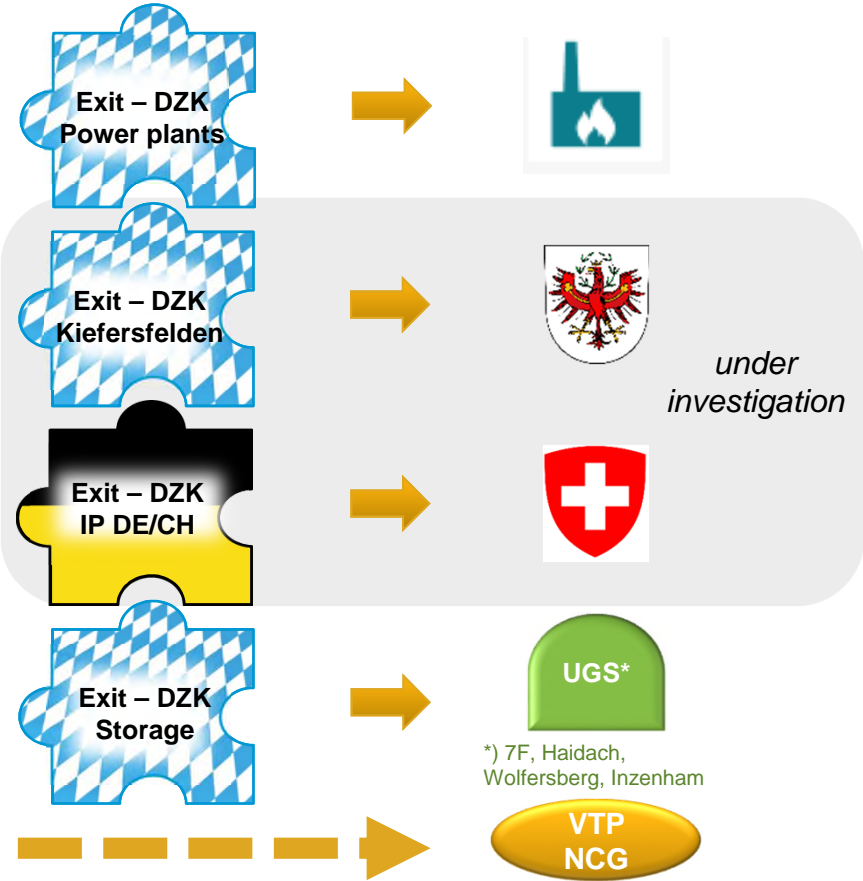

- offers customers in DE **an additional option** (apart from **VTP NCG**) to be supplied **directly via CEGH**.
- regulatory feasibility towards **MA Tyrol and CH** is also currently being **examined**.
- offers customers the opportunity to **put together guaranteed transports** using their bookings and nominations.
- uses **existing infrastructure** for operational execution.
- **does not require any additional investments**, i.e. no network expansion is needed to fulfill capacity requirements.
- is **a flexible service** enabling customers to tailor it to suit their needs.

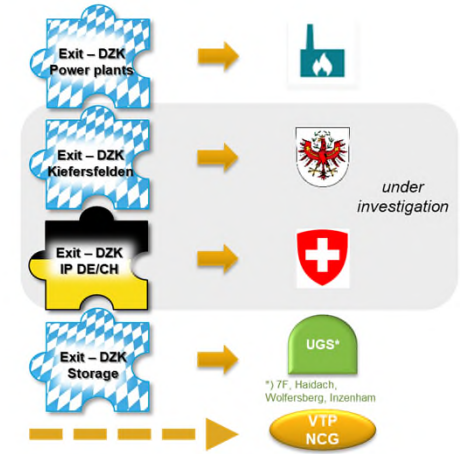

TRUDIY – The concept

TRUDIY – puzzle pieces

Freely allocable Capacity (FZK)
Dynamically allocable Capacity (DZK)

TRUD!Y – Booking instruction

**Step 1 – Booking
FZK/DZK in UACK**
